SUBJECT: Thank You Letter

Tommy Solomon,

I'd like to thank you for letting our students shoot their documentary at your facility. The students really enjoyed themselves and raved about how nice you were in helping them complete their project.

Inside you'll find a DVD of their finished product. We hope you will enjoy it. Let me know if you have any comments or questions. Once again thank you for your hospitality and we look forward to possibly working with you and your team again in the future.

Sincerely,

A handwritten signature in blue ink that reads "Daniel D. Velez".
