12 Aug 2013

Mr. Solomon,

Thank you for agreeing to look into having our students shoot video of Solomon Yacht Restoration for their upcoming Documentary project.

The students will be broken down into a three-person production crew that includes two cameramen. The story that they produce is approximately 3-4 minutes long and is only for training purposes. This story will not air on public television.

The students will be dressed in civilian clothes during the shoot, but they will have military ID's on them.

Please contact Scott Wakefield @ 410-530-0266 if you have any questions or concerns on the day of the shoot.

Here is the link to our school's website...
