Dear Tommy:

I have been around the auto and marine business for a long time and it is rare to find a person with the dedication to their profession like you have. Thanks for a great job on "Sundowner". I was impressed and I appreciate the care and professionalism with which you approached, repaired, and completed the job. Also your follow-up reports and photos made me feel like I was there with you. Thanks again for a great job.

Very truly yours,

Joe Adams
